Service Fees & Terms of Work

At Saiftech, we offer integrated solutions for project management and sourcing from China, based on a clear and transparent system that ensures seriousness and professionalism.

First: Research & Study Services

- Research + Project Study + Quotation Preparation : **\$300**
- Product or Machine Search + Quotation Preparation : **\$100**

Second: Supplier Visits

- Visiting a supplier or factory : the client covers all mission expenses + **\$100/day**

Third: Inspection & Order Review (without project follow-up)

- Inspecting a supplier or orders : **\$100/day** + mission expenses

Fourth: Payment & Order Management Services

- Order payment service (on behalf of the client) : **6%** of the total order value

Fifth: Export Services

- Export only (without project follow-up) : **2%** of order value

Sixth: Full Project Management

- From project study to execution and delivery in the client's country, including follow-up, coordination, and on-site training. Pricing is determined based on the project's scope and nature.

Seventh: Legal Contracts & Follow-up

- Contract preparation and legal case follow-up (fraud or supplier scams) : **10%** of the order value

General Terms:

- All services are paid in advance before commencement.
- Service fees may be deducted from the project value upon deal completion.
- All prices are negotiable before work begins.
- Agreements are confirmed via an official invoice signed by both parties.

Important Note:

Saiftech provides a fully integrated solution for project management and does NOT share supplier data directly with clients, in order to ensure quality and protect the client's interests.
